Education

St. Joseph's University — B.S. in Computer Science & Mathematics, BA in Mathematics. Graduation: May 2025

- Dean's List (4 years), Delta Epsilon Sigma, Kappa Gamma Pi, Sigma Iota Chi, Honors Student

-**GPA:** 3.8/4.0 (Top 5%)

-**Coursework** –Data Structures and Algorithms, Operating Systems, Software Engineering, Advanced Programming, Database, Advanced Data Science, Advanced Statistics, Linear Algebra, Topology, Differential Equations

Skills

Languages: Python, Java, JavaScript, SQL, R| **Platforms:** Google Cloud Platform, Linux, SaaS |**Machine Learning & AI:** LLM, RAG, XAI|**Data Visualization & BI Tools:** Tableau, Power BI, Excel

Web Development: HTML5, CSS3, React, Spring Boot, REST APIs, Node.js, Postman, MVC | **Technologies:** Git, GitHub, GitLab MySQL, NoSQL (MongoDB/Cassandra), ActiveMQ, GraphQL, Neo4j, Docker, Kubernetes, Ant, Maven, Gradle, Agile (SCRUM)

Relevant Experience

ST. Edmund Preparatory High School

Brooklyn, NY | Aug 2025 - present

TECHNOLOGY AND ROBOTICS INSTRUCTOR

- Leading STEM and Robotics initiatives FOR 120 K-8 students, integrating design thinking and problem-solving.
- Managed multiple hands-on tech projects from planning to delivery, mirroring Agile development cycles.
- Collaborate with staff and parents to align technology goals, ensuring efficient resource management and engagement.
- Oversee the **Robotics Club**, guiding students through project design, coding, and presentations.

ST. JOSEPH'S UNIVERSITY

Brooklyn, NY | May - Aug. 2023

SUMMER UNDERGRADUATE RESEARCH FELLOW

- Conducted a detailed analysis of **24** alcohol intake patterns focusing on daytime and nighttime variations.
- Utilized statistical techniques and R programming, including DataTable, dplyr, and ggplot2 packages.
- Filtered and analyzed data, revealing significant patterns in alcohol consumption.
- Awarded a \$4,000 scholarship in recognition of exceptional contributions to the project.
- Supporting ongoing advancements under the guidance of the Mathematics Department Chairperson.

ST. JOSEPH'S UNIVERSITY

Brooklyn, NY | Sept 2023- May 2025

PEER TUTOR IN MATHEMATICS AND COMPUTER SCIENCE

- Experienced tutor with a proven record of success in customizing instruction to meet the student's needs.
- Provide weekly support to a median of 10 students across 300-level Math and Computer Science courses.
- Helped over 50 students improve their test scores by up to 75% in math, programming, and statistics classes.

ST. JOSEPH'S UNIVERSITY

Brooklyn, NY | May 2022 - May 2025

TEACHING ASSISTANT (ART DEPARTMENT)

- Assisted in course development and lecturing for Painting and Graphic Design, in classes of 25-30 students.
- Support studio classes by prepping materials, managing supplies, and maintaining tools.

ST. JOSEPH'S UNIVERSITY

Brooklyn, NY | Jan 2023 - May 2025

ADMISSIONS WORKER

- Led campus tours for 300+ prospective students and families, while organizing application materials and maintaining accurate records.
- Responded to inquiries and performed 1000+ data entries in Slate, ensuring consistent documentation and supporting admissions analytics.

LEADERSHIP

ST. JOSEPH'S UNIVERSITY

Brooklyn, NY | Sep 2023- May 2025

FOUNDER AND PRESIDENT OF GIRLS WHO CODE (College Loop)

- Organizing bi-semester coding workshops that empower female high school students to pursue STEM.
- Fostering collaboration to achieve a 14% increase in female enrollment in Math and CS programs.

Achievements/Participation

- Research Presenter, OurCS Conference – Carnegie Mellon University (Oct 2024)
- Grace Hopper Celebration Scholar (2023)
- PyData Diversity Scholarship Recipient (2023)
